ABOUT ME

As a student of Electrical and Electronic Engineering (EEE) at KUET, I am passionate about exploring the ever-evolving world of electronics, Arduino projects, and power systems. In addition to my technical expertise, I have leadership skills that enable me to manage teams, coordinate projects, and drive innovation.

Beyond academics, I have a strong interest in research within the field of electronics, where I aim to contribute to advancements in technology.

I am always open to networking, knowledge exchange, and opportunities to work on exciting projects, research collaborations, and internships in the field of electronics, embedded systems, and power engineering.
